

AMAPHARM
COMPETENCE IN NUTRACEUTICALS

INNOVATIVE **FOOD SUPPLEMENTS** OF TOMORROW.

PRODUCT OVERVIEW 2025

WHY AMAPHARM?

BECAUSE WE ARE KNOWN FOR COMPETENCE IN NUTRACEUTICALS.

Amapharm Group is a German family-owned corporation that has grown to a total of 440 employees worldwide. It all started with Amapharm GmbH, founded in 1977 by pharmacist Wolfgang Marks. Known as the "founder of the vitamin gummies" Mr. Marks achieved to set up a global distribution channel, which nowadays consists of 108 countries.

In 2023, Amapharm LLC was opened in Pennsylvania, allowing direct logistics to the US market. Then, in 2024, the Amapharm Group welcomed Hunziker, who has been a long term subcontractor for Amapharm. With Amapharm's +40 years of market experience and a first-mover approach to vitamin supplements and distribution, plus Hunziker's more than 90 years of know-how in development and production, we are the perfect fit for any innovative goal.

Our in-house R&D Department allows us to realize various customer ideas and complement it with the pharmaceutical knowledge of our team. As the world's leading supplier for vitamin gummies, we continuously strive for perfection. As a result, our facilities are certified and audited with the highest standards.

As a customer you can expect a 360° full service from product development to shipping.

The following catalogue will give you a short overview about our most-ordered SKUs as well as our latest developments. All our products are made with premium ingredients: no artificial colors or flavors, and most available as a sugar-free version. We also provide stability studies for all of our products.

Should you have a product formulation that is not listed, or simply have an idea for a functional supplement, please reach out and we would be happy to evaluate the opportunity.
